

Hello everyone! I'm Fujita, your bento chef.

Today's bento is prepared within **Muslim-friendly** guidelines so that all our Muslim customers can enjoy their meal with a peace of mind.

We learned from Associate Professor Dr Husna Zainal Abidin<sup>①</sup> and Ms Yurika Shibamoto<sup>②</sup> from Wakayama University, who have kindly guided us on what ingredients are permissible and halal.

Based on their advice, we created a menu that is Japanese-flavoured and most importantly, Muslim-friendly! We've also included fruits that are locally sourced from Wakayama Prefecture. Every bite brings you a taste of authentic Japan.

We hope that your visit to Japan will be a wonderful one, and that this meal becomes part of your happy memories.
